Introduction

The Equality Act 2010 provides three main duties towards disabled pupils:

- not to treat disabled pupils less favourably for a reason related to their disability;
- to make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage;
- to plan to increase access to education for disabled / pupils with SEND.

This Plan sets out the proposals of the Governing Body of the school to increase access to education for disabled pupils in the three areas required by the planning duties in the Equality Act:

- increasing the extent to which disabled pupils can participate in the school curriculum;
- improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services;
- improving the delivery to disabled pupils of information which is provided in writing for pupils who are not disabled.

It is a requirement that the School's Accessibility Plan is resourced, implemented and reviewed and revised as necessary. Attached is an action plan which shows how the school will address the priorities identified in the strategy.

The purpose and direction of the school's strategy:

Vision and values

We are committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs.

We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

Information from pupil data and school audit

Pupil attainment and progress data will feed into the plan. The latest information will be available on our website.

Views of those consulted during the development of the Plan

Stakeholders will be surveyed during the review of the plan to ensure that their views are taken into account.

The main priorities in the school's plan

Increasing the extent to which disabled / pupils with SEND can participate in the school curriculum

Increase access to the **curriculum** for pupils with a disability / SEND, expanding the curriculum as necessary to ensure that pupils are as, equally, prepared for life as their peers.

This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits.

It also covers the provision of specialist **aids and equipment**, which may assist these pupils in accessing the curriculum.

Improving the physical environment of the school to increase the extent to which pupils with SEND can take advantage of education and associated services

Improve access to the **physical environment** of the school, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to access education.

Improving the delivery to pupils with SEND of information that is provided in writing for pupils who are not disabled

Improve the delivery of **written information and verbal information** to pupils, staff, parents and visitors with disabilities / SEND. Examples might include handouts, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.

Making it happen

Management, coordination and implementation

The school plans, over time, to increase the accessibility of provision for all pupils, staff and visitors to the school.

Attached is an Action Plan, relating to these key aspects of accessibility. The plan will be reviewed and adjusted on an annual basis.

We acknowledge that there is a need for ongoing awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.

The Accessibility Plan should be read in conjunction with other school policies and procedures.

The Plan will be monitored through the Committees of the Board of Governors.

Getting hold of the school's Plan

The plan will be available on the school website.
